Value	\$20M
Area	2,200m <sup>2</sup>
Developer	ING Real Estate Development Australia Pty Ltd
Architect	Brian Meyerson Architects Pty Ltd
Builder	Novarti Constructions Pty Ltd
Status	Completed 2008

## About

This project offered stylish living in vibrant Bondi. The development consisted of two separate buildings linked by common gardens and underground car parking, providing 25 Apartments and 4 Terraces, some with private gardens or ocean views. There were a number of different layouts and configurations including some loft style apartments, providing individuality and catering for a wide variety of options and tastes.

Each apartment was finished to a high standard with European appliances and timber floors throughout. All apartments capitalised on orientation with abundant natural light and they were designed to provide a seamless transition from inside to outside.
